

## Target User

Age 25-45  
Frequent Flyers with  
Lounge Access

## General Task

Find nearby Airport Lounges  
and accordingly book lounges.  
Explore different food options  
available in lounges based on  
dietary restrictions

## Technology Constraints

IOS OS version compatibility

## Critical Success Factor

Ease of finding lounges catering  
to dietary restrictions and  
booking them to save time  
during layovers

## Cross Channels

Mobile Application
